

REMARKS

Reconsideration and allowance of the subject application are respectfully solicited.

Claims 4 through 6, 10, and 11 are pending, with Claims 4 and 11 being independent.

Claims 4 and 11 have been amended.

Claims 4, 6, 10, and 11 were variously rejected under 35 U.S.C. § 103 over previously-cited U.S. Patent No. 6,792,617 B2 (Gorbatov, et al.) in view of newly-cited U.S. Patent Nos. 6,249,320 B1 (Schneidewend, et al.) and 6,292,624 B1 (Saib, et al.). The Official Action states that Gorbatov, et al. lacks displaying a mark indicating that the program includes a plurality of sub-programs, and thus relies upon Figs. 11-13 of Schneidewend, et al., which shows a plurality of sub-channels. All rejections and statements are respectfully traversed.

Claims 4 and 11 recite, *inter alia*, the first mode in which program information is displayed but sub-program information is not displayed and a second mode in which sub-program information is displayed together with program information, with, in the first mode, display in the program table of a mark indicating that the program includes a plurality of sub-programs, wherein each sub-program has a different start time.

However, Applicant respectfully submits that none of Gorbatov, et al., Schneidewend, et al., and Saib, et al., even in the proposed combinations, assuming, *arguendo*, that such could be combined, discloses or suggests at least the above-discussed claimed features as recited, *inter alia*, in Claims 4 and 11.

Applicant also respectfully submits that there has been no showing of any indication of motivation in the cited documents that would lead one having ordinary skill in the art to arrive at the above-discussed claimed features.

The dependent claims are also submitted to be patentable because they set forth additional aspects of the present invention and are dependent from independent claims discussed above. Therefore, separate and individual consideration of each dependent claim is respectfully requested.

Applicant submits that this application is in condition for allowance, and a Notice of Allowance is respectfully requested.

Applicant's undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,
